Print out pages 2 & 3.  
We recommend you use a heavy photo paper for best results but the back of a bit of scrap paper will do the trick

2

Cut around the outline of Leapin' Leo's head and cut around the outline of the handle.

3

Get the Clag glue pot out and paste some glue onto the back of Leo's chin & at the top of the handle, above the dotted line.

4

Stick Leo's chin just below the dotted the line.

5

Stick it up the Eagles
